Harness + AWS Partnership

AWS Partner Network member since 2021
Public Sector | EC2 Spot Ready | DevOps Competency

AI-Driven Delivery

MCP Server integrated with Amazon Kiro

Manage & troubleshoot pipelines, security, chaos, and cost using natural language

AWS Deployment Ready

Unified governance, security & performance in customers' preferred cloud environment

Joint AI Innovation

Joint innovation on AI-driven delivery

Harness Delivery Knowledge Graph adds earlier checks, security & automation

Demo

Who is Marriott?

Marriott brings together a portfolio of iconic hotel brands, global scale, and a focus on delivering exceptional guest experiences worldwide.

Global Leader

30+ hotel brands and
8,000+ properties across
130+ countries.

Trusted Hospitality Experience

Award-winning service,
industry-leading loyalty,
and a commitment to
guest satisfaction.
